Bag Full Warning

An amber light built into the Slider's housing indicates to the operator that the bag is full. If the bag is not changed airflow is greatly reduced and the overall performance of the vacuum suffers.

Detachable Power Cord

Don't let a cut or damaged power cord sideline you. Both Slider vacuums have power cords that plug directly into the vacuum housing. Simply unplug the damaged cord and plug in a new one. A lanyard holds the cord firmly in place while in use.

- Available in 14" and 18" models
